

Clearview Super Search

BY AVENU INSIGHTS & ANALYTICS

ACCELERATE RECORD SEARCHES ACROSS ALL FORMATS, SYSTEMS, AND DEVICES

Enable lightning-fast inquiries with Super Search. Avenu's next-generation solution connects with your **municipal** or **county** databases to deliver immediate results on real property, legal, vital, and virtually any other record searches. The advanced search techniques allow constituents to quickly and conveniently search, purchase and download files, reducing support calls, while increasing revenue and productivity.

Supported by powerful Google Cloud Search and Apache Solr search platforms, our web-based engine provides rapid full-image text and index searches with easy-to-use navigation and filtering. Easily purchase and email documents with additional in-app functionality.
